# Engine Owner's Warranty

## Worldwide

New John Deere Off-Highway Engines

This booklet focuses on John Deere engines marketed in products manufactured by companies other than John Deere or its affiliates, and on John Deere repower engines in all applications.

Herein appears the original warranty applicable to the engine as delivered to the retail purchaser on or after 1 April 1998. Questions the purchaser might have about warranty and warranty service are addressed herein.

The tear-off Warranty Registration form should be completed promptly and mailed or faxed to John Deere.

But first:

1. Record the engine's 13-character serial number below:

-----  
(Take from the John Deere Serial Number plate on the side of the engine. It begins with two letters, and must be 13 characters in length; e.g., CD6068T123456.)

2. Record the engine's Option Codes on page 13.

(Take these from the option code label on the engine rocker arm cover.)

3. Read this booklet, and store it for handy reference.

Note: "John Deere" means Deere Power Systems Group with respect to users in the United States, John Deere Limited with respect to users in Canada, and Deere & Company or its subsidiary responsible for marketing John Deere equipment in other countries where the user is located.

Visit John Deere at [www.deere.com](http://www.deere.com)

## WHEN WARRANTY SERVICE IS NEEDED

While most John Deere engines do not require the attention of an authorized John Deere service dealer during the engine warranty period, the nearest dealer stands ready with genuine parts and trained and equipped personnel should the need arise.

If following the operation and maintenance instructions delivered with the engine/machine are not adequate to correct an engine problem, contact the nearest John Deere service dealer for assistance. Authorized engine service dealers are listed in the *Parts and Service Directory for John Deere Engines*. In the U.S.A. and Canada, this information is also available by calling 1-800 JD ENGINE. In other countries, contact the machine importer, or Deere Power Systems Group in the U.S.A. at telephone number 1-319-292-5871, or fax number 1-319-292-5844; or in France (for Africa, Europe, and the Middle East) at telephone number 33.2.38.82.61.57 or fax number 33.2.38.84.62.66. Many off-highway engine service locations will also be found on the Internet at [www.deere.com](http://www.deere.com). (Click on "Dealer Locator".)

When requesting warranty service, the purchaser must be prepared to show proof that the engine is within the warranty period.

Should the efforts of the dealer contacted not yield satisfactory results, the purchaser should contact the Service Manager in that dealer's John Deere marketing unit. The units are indicated on pages 3-5 herein and in the *Parts and Service Directory*.

Regardless of the organization contacted, this information is always required: Engine serial number, date of delivery, engine owner, name and location of dealer and specific person contacted, date of contact, nature of engine problem, and outcome of the service dealer contact.

Given that normally it is the dealer contacted who in the end will provide the service required, maintaining a purchaser-dealer relationship of mutual respect from the beginning is always helpful.

## JOHN DEERE NEW OFF-HIGHWAY ENGINE WARRANTY

### Warranty Duration

Unless otherwise provided in writing by John Deere, John Deere makes the following warranty to the first retail purchaser and each subsequent purchaser (if purchase is made prior to expiration of applicable warranty) of each John Deere new off-highway engine marketed as part of a product manufactured by a company other than John Deere or its affiliates:

- 12 months, unlimited hours of use, or
  - 24 months and prior to the accumulation of 2000 hours of use;
- and on each John Deere engine used in an off-highway repower application:
- 12 months, unlimited hours of use.

*Note: In the absence of a functional hourmeter, hours of use will be determined on the basis of 12 hours of use per calendar day.*

### Warranty Coverage

This warranty applies to the engine and to integral components and accessories sold by John Deere.

All John Deere-warranted parts and components of John Deere engines which, as delivered to the purchaser, are defective in materials and/or workmanship will be repaired or replaced, as John Deere elects, without charge for parts or engine repair labor, including reasonable costs of labor to remove and reinstall nonengine parts or components of the equipment in which the engine is installed, and, when required, reasonable costs of labor for engine removal and reinstallation, if such defect appears within the warranty period as measured from the date of delivery to the first retail purchaser, if the delivery is reported to John Deere within 30 days of the delivery.

### Obtaining Warranty Service

Warranty service must be requested of the nearest authorized John Deere engine service outlet before the expiration of the warranty. An authorized service outlet is a John Deere engine distributor, a John Deere engine service dealer, or a John Deere equipment dealer selling and servicing equipment with an engine of the type covered by this warranty. (See "When Warranty Service is Needed" on page 2.)

Authorized service outlets will use only new or remanufactured parts or components furnished or approved by John Deere.

Authorized service locations and the name of the John Deere division or subsidiary making this warranty are listed in the *Parts and Service Directory*.

for John Deere Engines (stock number DKD376) available through any John Deere Dealer or from Deere Power Systems Group (P.O. Box 5100, Waterloo, IA 50704-5100, U.S.A.; US\$5.00, includes shipping and handling). Dealer information may also be obtained by calling (from the U.S. and Canada) 1-800 JD ENGINE, or from elsewhere by calling U.S.A. number 1-319-292-5871 or faxing 1-319-292-5844; or calling 33.2.38.82.61.57 or faxing 33.2.38.84.62.66 in France. Some off-highway engine service locations will also be found on the Internet at <http://www.deere.com>. (Click on "Dealer Locator".)

At the time of requesting warranty service, the purchaser must be prepared to present evidence of the date of delivery of the engine.

John Deere reimburses authorized service outlets for limited travel expenses incurred in making warranty service repairs in non-John Deere applications when travel is actually performed. The limit, as of the date of publication of this booklet, is US\$300.00 or equivalent. If distances and travel times are greater than reimbursed by John Deere, the service outlet will charge the purchaser for the difference.

### Warranty Exclusions

John Deere's obligations shall not apply to fuel injection pump and nozzles during the pump and nozzle manufacturer's warranty period on the pump and nozzles, components and accessories which are not furnished or installed by John Deere, nor to failures caused by such items. When the pump manufacturer's warranty is less than the engine warranty, John Deere will reimburse pump repair costs for warrantable-type failures during the remainder of the original engine warranty period, when so documented by the pump manufacturer's approved service outlet.

### Purchaser's Responsibilities

The cost of normal maintenance and depreciation.

Consequences of negligence, misuse, or accident involving the engine, or improper application, installation, or storage of the engine.

Consequences of service performed by someone other than a party authorized to perform warranty service, if such service, in John Deere's judgment, has adversely affected the performance or reliability of the engine.

Consequences of any modification or alteration of the engine not approved by John Deere, including, but not limited to, tampering with fuel and air delivery systems.

The effects of cooling system neglect as manifested in cylinder liner or block cavitation ("pitting", "erosion", "electrolysis").

Any premium for overtime labor requested by the purchaser.

Costs of transporting the engine or the equipment in which it is installed to and from the location at which the warranty service is performed, if such costs are in excess of the maximum amount payable to the service location were the warranty service performed at the engine's location.

Costs incurred in gaining access to the engine; i.e., overcoming physical barriers such as walls, fences, floors, decks or similar structures impeding access to the engine, rental of cranes or similar, or construction of ramps or lifts or protective structures for engine removal and reinstallation.

Incidental travel costs including tolls, meals, lodging, and similar.

Service outlet costs incurred in solving or attempting to solve non-warrantable problems.

Services performed by a party other than an authorized John Deere engine service dealer, unless required by law.

Charges by dealers for initial engine start-up and inspection, deemed unnecessary by John Deere when operation and maintenance instructions supplied with the engine are followed.

Costs of interpreting or translating services.

#### **No Representations or Implied Warranty**

Where permitted by law, neither John Deere nor any company affiliated with it makes any guaranties, warranties, conditions, representations or promises, express or implied, oral or written, as to the nonoccurrence of any defect or the quality or performance of its engines other than those set forth in this booklet, and DOES NOT MAKE ANY IMPLIED WARRANTY OR CONDITIONS OF MERCHANTABILITY OR FITNESS otherwise provided for in the Uniform Commercial Code or required by any Sale of Goods Act or any other statute. This exclusion includes fundamental terms. In no event will a John Deere engine distributor or engine service dealer, John Deere equipment dealer, or John Deere or any company affiliated with John Deere be liable for incidental or consequential damages or injuries including, but not limited to, loss of profits, loss of crops, rental of substitute equipment or other commercial loss, damage to the equipment in which the engine is installed or for damage suffered by purchaser as a result of fundamental breaches of contract or breach of fundamental terms, unless such damages or injuries are caused by the gross negligence or intentional acts of the foregoing parties.

#### **Remedy Limitation**

The remedies set forth in this warranty are the purchaser's exclusive remedies in connection with the performance of, or any breach of guaranty, condition, or warranty in respect of new John Deere engines. In the event the above warranty fails to correct purchaser's performance problems caused by defects in workmanship and/or materials, purchaser's exclusive remedy shall

be limited to payment by John Deere of actual damages in an amount not to exceed the cost of the engine.

#### **No Seller's Warranty**

No person or entity, other than John Deere, who sells the engine or product in which the engine has been installed makes any guaranty or warranty of its own on any engine warranted by John Deere unless it delivers to the purchaser a separate written guaranty certificate specifically guaranteeing the engine, in which case John Deere shall have no obligation to the purchaser. Neither original equipment manufacturers, engine or equipment distributors, engine or equipment dealers, nor any other person or entity, has any authority to make any representation or promise on behalf of John Deere or to modify the terms or limitations of this warranty in any way.

#### **Replacement Parts Warranty**

New John Deere parts installed during engine warranty service are warranted for 90 days (Certain major parts may be warranted for longer periods.) or for the remaining warranty period of the engine, whichever is longer. A new engine replacing a failed engine under warranty is warranted for the remaining warranty period of the original engine.

#### **Warranty Transfer**

The remainder of the original engine warranty and the emissions control-related warranty may be transferred to a subsequent owner of the engine. The Engine Warranty Transfer card (the back cover of this booklet) should be used to report the transfer to John Deere.

#### **Purchased Extended Warranty**

Extended warranty may be purchased on most engines in many areas of the world. John Deere engine distributors and equipment dealers, and dealers of manufacturers using John Deere engines in their products, have details. John Deere may also be contacted at U.S.A. fax number 1-319-292-5844, or by fax in France at number 33.2.38.84.62.66.

#### **Emissions Warranties**

Emissions warranties appear in the operation and maintenance instructions furnished with the engine/machine. **(Warning: Statutes providing severe penalties for tampering with emissions controls may apply at the user's location.)** John Deere may also be contacted at U.S.A. fax number 1-319-292-5844; or by fax in France at number 33.2.38.84.62.66.

## LOCAL WARRANTY REQUIREMENTS

Warranties required by local statutes will be furnished by the seller and noted below and on the following page.

## LOCAL WARRANTY REQUIREMENTS (cont.)
