FIT GENUINE LISTER-PETTER PARTS FOR GENUINE PEACE-OF-MIND.

Cheap solutions lead to expensive problems. Don't take short cuts with engine repairs. An engine out of commission costs money

- Man-hours lost or wasted.
- Production interrupted or expensively delayed.
- Lost income and profit.

The planned replacement of related parts when a repair is necessary is the most cost-effective solution and will minimise future problems.

Your Lister-Petter engine was made with the best parts. Provided you don't fail your engine, it won't fail you. Insist always on genuine Lister-Petter parts.

CHART
