

W14.40-1211-79

Wiring schematic**AdBlue, coolant and compressed air**

3	AdBlue tank	M25	SCR AdBlue pump	A	Coolant supply (from engine)
4	Pump module	Y106	SCR air pressure limiter solenoid valve (33.01)	B	Coolant return (to engine)
5	Compressed air control unit	Y107	SCR tank heater solenoid valve	C	AdBlue feed
7	Injection nozzle			D	AdBlue return
8	Metering device			E	Compressed air
				F	Aerosol (AdBlue/air mixture)
7.03	Overflow valve without return flow				
30.03	Pressure limiting valve with vent
